

## ***LD-280BF 4 Lanes Tea Nutrition Coffee Probiotics Powder Medical Powder Stick Sachet Packing Machine***

Automatic multilane powder stick packing machine, it is suitable for many kinds of powder products, such as chili powder, seed powder, milk tea powder, pharmaceutical powder, herb powder, dry powder, vibro cinnamon powder, flour, milk powder, 3 in 1 Turkish coffee powder, glucose, medical powder, nutrition powder, etc.

### **Features:**

1. High production efficiency, 4 lanes speed can reach 100-150 packets per minute, improve production capacity and save manpower.
2. High degree of automation: filling, feeding, printing batch number, cutting easy to tear, finished bag output is completed in one time, quick and convenient adjustment.
3. Servo motor system control, accurate measurement, accurate film drawing, and film feeding.
4. Vacuum pump feeding is more sanitary.
5. Easy to use, do not need to switch different modes and frequent debugging, all parameters set before the factory, only need to set simple parameters on the screen can be used.

### **Specification:**

<b>Model</b>	<b>LD-280BF</b>
Production capacity	140-210 bags/min
Diameter of the film roll	Maximum 300mm
Packaging film width	17-30 mm
Outer bag size	The longest 180mm widest 30mm product packaging
Air pressure	0.5-0.7Mpa
Machine noise	Less than 80db(A)decibel
Heating power	3.5 Kw
Total weight of the machine	350KG
Machine size	1385mm*918mm*2005mm
