

FX-JB12 Corner Sealing Machine / Sealer

Technical features:

- Adopt PLC+touch screen control to display the action status and alarm information in real time
- “L”-shaped box feeding design, used with “I”-shaped carton sealing machine, suitable for assembly line operation
- Using four upper and lower belts for clamping and conveying, the operation is more stable
- The tape applicator has a precise and sturdy structure, smooth operation, and no wrinkles on the tape
- Four corners are sealed and formed at one time, and the tape is beautiful
- The height and width can be adjusted by the handle, which makes it more convenient to change production
- Brake casters for easy movement
- Other options:
 - ① Tape missing detection
 - ② Tape broken detection
 - ③ Add safety door
 - ④ Specified brand of electrical components
 - ⑤ Stainless steel body/customized color
 - ⑥ Direct box form

Equipment parameters:

Model	FX-JB12
Power supply	220V 50HZ 1KW
Air supply	≥6Kg/cm ² 0.1m ³ /min
Applicable carton	L320~600xW200~500xH180~500mm
Speed	8-12Box/minute
Tape	W48~75mm * L900码 Paper coreφ75mm
Tape corner length	50~65mm
Table height	600~750mm
Mechanical Dimensions	L1900xW1130xH1530mm
Mechanical weight	450Kg
