2TMR200V Three-dimensional Packaging Machine

TMP-200B Fully automatic three-dimensional transparent film packaging machine is suitable for various types of packaging, such as medicine, health products, food, cosmetics, and stationery. Such as cigarettes, perfume, tea, note paper, chewing gum, condoms, and so on.

Process: Automatic packaging, feeding, folding, thermal sealing, packaging, counting, and automatic application of an anti-counterfeit gold thread to individual parts or strip boxes.

Film material: BOPP, PVC, etc.

Features

1. A human-machine interface and PLC control and troubleshooting software are used.
2. Good tightness and moisture resistance, easy de-sealing.
3. The entire sealing process takes place instantly.
4. Anti-counterfeiting (the anti-counterfeiting mark is printed on an easily detachable line)

Technical parameters

Efficiency	20-60 packages/min (packages/min)
Package size	L（40-200）mm×W（20-140）mm×H（10-100）mm
	L+H≤250mm
	(W+G)≤170 mm, height not more than 100 mm
Power supply	220V 50Hz
Engine power	0.75Kw
Electric heating	4Kw
Overall dimensions	2110x930x1600mm
Weight	800kg
