

LDB-200 Low Cost Mini Doypack Premade Pouch Machine (Single Working Station)

This Doypack Premade Pouch Machine is for packaging premium pieced products, liquid and powdered products into doypack bags and zipper doypack bags, such as juice, coffee, tea, biscuits, nuts, cereals, chips and many others.

Features:

1. The machine automatically packs/opens bags, with a packing speed of 8-10 packs/min, 600 packs per hour.
2. Single-screw liquid pump, driven by servo motor, can accurately measure 900ml to 3000ml of laundry detergent.
3. The machine is suitable for different bag types, and the bag size can be adjusted freely and flexibly.
4. The success rate of bag opening by the machine is 99.8%, and the bag will not be opened, filled or sealed.
5. The whole machine is made of 304 stainless steel, the quality of the machine is wear-resistant and washable, and it can run smoothly for at least 8-10 years.

Specification:

Type	LDB-200
Bag Material	Multi-layer Composite Premade Bag (e.g.: PET/PE)
Premade bag type	3-sides sealing bag, stand-up bag
Upgraded Bag Type	(Need additional purchase of functional device)
Bag size	$70\text{mm} \leq W \leq 150\text{mm}$ $70\text{mm} \leq L \leq 150\text{mm}$
Speed	0-60 bags/min
Sealing Type	Straight grain, pitch is 1mm (Optional reticulate)
Sealing Width	10mm (5-20mm) can be customized
Voltage	220V, Single-phase, 50/60HZ, 1.2KW
Air Pressure	0.65 Mpa
Air Consumption	Standard machine, no additional function
Body Dimension	1770*600*1230mm
Packing Dimension	1860*710*1550mm
