

LD-GEF10A High Speed Seasoning Spice Powder Bottle Filling Machine

This high speed spice powder bottle filling machine is suitable for automatic filling of various powder products, such as spice powder, chili powder, condiment powder, seasoning powder, onion powder, ginger powder, etc.

Features:

1. Smart Touch Screen: color interface and easy to operate.
2. Openable Material Hopper: food grade material and washable.
3. Rotary Feeding Mechanism: high filling accuracy and speed, greatly improve working efficiency.
4. Mechanism For Separating Bottles Individually: screw bottle splitter, separating bottles quickly, strong versatility.

Specification:

Model	LD-GEF10A
Packaging materials	Spice powder, chili powder, milk powder, protein powder, seasoning powder, onion powder, ginger powder, etc
Container size	Φ30-160mm, H50-260mm
Filling weight	30-100g (can be customized)
Filling accuracy	≤500g, ≤±1% / >500g, ≤±0.5%
Filling speed	55-75 bpm
Voltage	3P, AC208-415V, 50/60HZ
Air compression	6 kg/cm ² , 0.05 m ³ /min
Power	2.3KW
Machine weight	390 kg
Outline dimension(mm)	2000*1070*2120 mm
Hopper capacity	50 L/hopper
