

## ZX-D120 Soft Bag Case Packing Machine for Bagged Sugar

We are a manufacturer specializing in packaging machinery in Jiangsu, China, very close to Shanghai Airport. We have more than 20 years of professional experience in this field, specializing in the production of various cartoning machines, carton Erector, carton sealing machines, strapping machines, box folding machines, weighing machines, palletizing machines, etc. We also provide customers with one-to-one packaging solutions based on their actual conditions.

### Technical features:

- Adopt PLC+touch screen control to display the action status and alarm information in real time
- Integrates product conveying, arranging, packing, leveling and carton output in one, with a compact structure. Operation has manual mode and automatic mode for easy operation
- One machine with multiple uses, which can realize horizontal, vertical, single-row and multi-row discharge of products in cartons, with strong compatibility
- Front-end standard formula rolling and leveling machine, which can level while packing to ensure easy sealing after packing
- The lane division and flipping mechanism are both servo-driven, with fast speed and good stability
- Other options:
  - ① Specified brand of electrical components
  - ② Stainless steel body/customized color

**Technical parameter:**

<b>Model</b>	<b>ZX-D120</b>
<b>Power supply</b>	380V 50Hz 3kW
<b>Applicable Products</b>	Bagged
<b>Speed</b>	60~120 Pack / minute
<b>Applicable carton</b>	L200~500xW150~400xH120~400mm
<b>Packing form</b>	Single column, multi-column (multi-layer)
<b>Feed height</b>	1350~1600mm( $\pm 50$ mm ) (It can be adjusted freely according to the carton size)
<b>Gas source requirements</b>	$\geq 0.6$ MPa 0.1 m <sup>3</sup> /min
<b>Carton height</b>	600 $\pm 50$ mm
<b>Host size</b>	L1800 *W1600* H2200mm
<b>Mechanical weight</b>	About 1000kg
<b>Equipment material</b>	The main body is made of carbon steel sprayed with plastic, and the part in contact with the material is made of stainless steel
